Invitation Letter to Rare Sugar Symposium 2014 in Kagawa

Dear Prof. Y. Sun,

It is our pleasure to invite you to participate in the "Rare Sugar Symposium 2014 in Kagawa" organized by the International Society of Rare Sugars, and cosponsored by Kagawa Prefecture, Kagawa University and Kagawa Industrial Support Foundation. The symposium will be held at the Kagawa International Conference Hall in Takamatsu, Japan on March 29th to April 1st, 2014.

One of the major topics of this symposium will focus on discussing "nomenclature of rare sugars" by sharing various ideas. In addition, the symposium aims to develop visibility of rare sugars in Japan, and thus this symposium will be held together with "Rare Sugar Fair 2014" organized by Kagawa Prefecture. Current list of invited international speakers are Prof. M. Leisola, Aalto University (Finland), Prof. G. Fleet, University of Oxford (England), Prof. E. Vandamme, Ghent University (Belgium), Prof. L. Saisamorn, Chiang Mai University (Thailand), Prof. S. Verasak, Chiang Mai University (Thailand), Prof. Y. Sun, Tianjin Institute of Industrial Biotechnology (China), and Prof. C.S. Park, Catholic University of Daegu (Korea).

We look forward to your participation in this symposium, and to welcoming you to Kagawa.

Sincerely,

Ken Izumori
President
International Society of Rare Sugars
