Dear Author,

Thank you for submitting your work. On behalf of the OPTIMESS2015 organization it is my pleasure to inform you that your work has been accepted as **Oral Presentation**. We kindly ask you to inform your co-authors.

Please note that your contribution is only finally accepted for presentation after you have registered for the conference and have paid the registration fee. Deadline for early registration at reduced fee is 20 February.

Please let us know in return to this message if you are planning to submit a manuscript for the proceedings book. Submission deadline for proceedings texts will be 16 March. Manuscripts should be between 8 and ten pages. Detailed instructions will follow.

We are looking forward to meeting you in Antwerp!

Dear Dr. Nava Vega,

Thank you for your submission.

As far a I can see, there is only one line in the abstract section. Perhaps something went wrong during the submission. Could you please check?

We kindly ask you to provide a bit more elaborate abstract. Most presenters submit an abstract of about a half page. A more extended abstract will help conference attendees to choose talks they want to attend, and it will be a great help to draw attention to your work.

Kind regards,

Joris Dirckx
