About our University of Antioquia

Bajo Cauca and South of Cordoba Interdisciplinary Research Group

- Didactic and Pedagogy
- Subject and society
- Subject, development and environment
- Leadership, Entrepreneur, Organization

Challenges

Dialogue between different knowledge

Time managment

Autonomy and confidence on our own processes.

Be influencers to promote peace in our social context.

**UNIVERSIDAD
DE ANTIOQUIA**

Seccional Bajo Cauca

Opportunities

Strengthen internal interdisciplinary research team

Strengthen interdisciplinary teams with both internal and external researchers

Promote useful tools to address specific needs in the territory

Construction of tools that involve the communities, decision-makers

Others interdisciplinary experiences

Interdisciplinary
Research
Experiences

Creation of a Subregional Research Agenda created by collaborative work with the different stakeholders of our territory.
